1. YOUR FINANCIAL SITUATION — THE NUMBERS

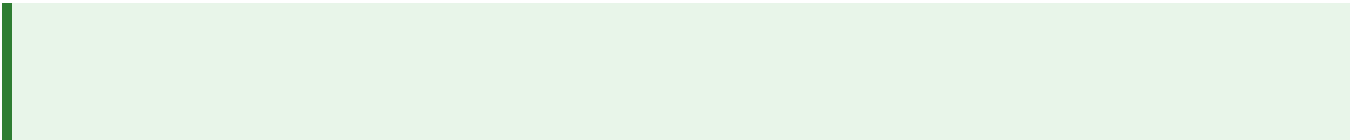

Your Car Details

Car	2019 Mitsubishi Attrage 1.2 CVT
Registration	October 2020 (YOM 2019)
COE Expiry	14 October 2030 (~4 years 4 months remaining)
Plate Status	Normal Plate — converted from ROPC. NO restrictions. Drive any time.
Owners	3
Colour / Engine	Red 1193cc Petrol, 79 bhp, Auto CVT
Paper Value (LTA)	\$18,811 — this is your absolute floor (scrap value)
Outstanding Loan	\$66,000 (Genie Financial Services — Carro subsidiary)

The Shortfall Problem

If you sell at the Quotz bid of \$18,800 you still owe \$47,200 to Genie — with no car. DO NOT ACCEPT THIS BID. Your car is worth significantly more. See Section 2.

Outstanding loan (Genie)	\$66,000
If sold at Carro offer (~\$48,000)	– \$48,000
Remaining shortfall	\$18,000
If sold privately (~\$44,000)	– \$44,000
Remaining shortfall	\$22,000
If sold at Quotz bid (\$18,800)	– \$18,800
Remaining shortfall — AVOID THIS	\$47,200

KEY FACT: Carro (who offered \$44K–\$52K last month) is the PARENT COMPANY of Genie (your loan provider).
Call Carro first: +65 6714 6652. They can buy the car and settle the Genie loan in one transaction.

2. WHAT YOUR CAR IS WORTH — LIVE MARKET EVIDENCE

2020 reg	Apr 2030	66,300 km	2	\$53,800
2020 reg	Dec 2030	59,000 km	Certified	\$58,800
2020 reg	Oct 2030	29,000 km	2	Active listing
2019	Apr 2030	70,000 km	—	\$52,800
2019	3y 7m left	131,000 km	—	\$42,588
Your Car — Realistic Sale Price Range				
Private sale (Carousell, SGCarMart)				
\$40,000 – \$48,000				
\$18,000 – \$26,000				
Carro direct offer				
\$44,000 – \$52,000				
\$14,000 – \$22,000				
Independent dealer (walk-in)				
\$32,000 – \$42,000				
\$24,000 – \$34,000				
Quotz/SGCarMart bid — DO NOT ACCEPT				
\$18,800				
\$47,200				
Why so much better than \$18,800? Because Quotz dealers were bidding to SCRAP the car. Dealers who sell to				

private buyers can retail it for \$48K–\$58K — so they can afford to offer you \$38K–\$48K. Target private buyers and you get the full value.

3. HOW THE GENIE LOAN & LOG CARD PROCESS WORKS

Who is Genie Financial Services?

Genie Financial Services Pte Ltd (UEN: 201624030E) is a wholly owned subsidiary of CARRO — Singapore's largest used-car platform. Genie is legitimate, ACRA-registered, has \$30M paid-up capital and is backed by HSBC with a \$75M facility. It operates under Singapore's Hire-Purchase Act.

Why You Cannot Simply Return the Car and End the Loan

CRITICAL: Under Singapore's Hire-Purchase Act, if you return/surrender the car, the loan is NOT cancelled. Genie sells the car and deducts the proceeds from your balance. If the sale price is less than your outstanding balance, YOU STILL OWE THE DIFFERENCE. There is no "walk away" rule in Singapore.

The Correct Sale Process — Step by Step

1

Call Genie (+65 6715 1518)

Ask for your "early settlement amount today." This may be LESS than \$66,000 — the HP outstanding is the exact payoff amount. Get it in writing.

2

Find a buyer and agree price

Through private listings, dealer, or Carro. Agree verbally first.

3

Collect a 10% deposit

On a \$45,000 sale = \$4,500 deposit. Sign a Sales & Purchase Agreement (template at LTA OneMotoring website). This locks in the buyer.

4

Buyer pays full balance

You receive the agreed price from the buyer.

5

Settle Genie loan

Use the buyer's payment to pay Genie's settlement amount. If the sale price is LESS than the settlement amount, you must top up the difference before Genie releases the log card.

6

Genie releases log card

Within 1–3 business days after full settlement.

7

Transfer ownership via LTA

Go to onemotoring.lta.gov.sg — both parties log in with SingPass. Seller initiates, buyer accepts. Fee: \$25. Done online, no need to visit LTA.

4. THE WHATSAPP MESSAGE — COPY THIS AND SEND TO ALL DEALERS

About Photos At This Stage

DO NOT send photos yet. An initial quote only needs the car details below. The message already says photos are available on request. Only send photos when a dealer confirms genuine interest. This saves you time.

Copy This Message Exactly — Send to Every Dealer

Hi, I am a private car owner looking for an initial quote to sell my car.
I am relocating overseas and looking to sell quickly.

Negotiation Tip

- Get every offer in writing (WhatsApp message is fine).
- Tell each new dealer: "I already have an offer of \$X — can you beat it?"
- The highest offer after calling all dealers is your real market price.
- Always ask: "If my sale price is below my outstanding loan, can you help arrange a payment plan with the finance company?"

5. DEALER WHATSAPP NUMBERS — MOBILE (SEND FIRST)

These are mobile numbers — WhatsApp should work directly

Send to these 9 numbers first. Mobile numbers (starting with 8 or 9) almost always have WhatsApp active. Tap the number in your contacts, open WhatsApp chat, paste the message from Section 4, and send.

10. COMPLETE PHOTO GUIDE — 28 SHOTS

Assessment of Your Current Photos (from Quotz)

Your current photos show the car in a covered carpark under fluorescent lighting with a cluttered background. They are NOT good enough for a \$44,000–\$48,000 private sale listing. Spend one morning this weekend taking better photos — it is worth \$5,000+ in buyer confidence.

Before You Shoot — Preparation

- Wash the car thoroughly — exterior, windows, wheels
- Vacuum inside completely — seats, boot, floor mats, door pockets
- Wipe dashboard, door panels, centre console with a damp cloth
- Remove ALL personal items — bags, ERP device covers, sunshades, everything
- Apply tyre shine spray to all 4 tyres (\$5 from any petrol kiosk)
- Clean engine bay with a dry cloth — just remove dust

When & Where to Shoot

Best time	7:00–8:00am (after sunrise) OR 6:15–7:00pm (before sunset) — soft golden light
Second best	Overcast day — uniform soft light, no harsh shadows
Avoid	11am–4pm midday sun — creates black shadows, washes out red paint
Best location	Multi-storey carpark rooftop — open sky, clean background
Avoid	HDB void decks, covered carparks, locations with many cars behind

The 28 Shots — Complete Checklist

1	Front 3/4 — COVER PHOTO	Crouch to wheel height, stand 45° from front-left corner. Take 5 versions, pick the best.
2	Rear 3/4	Same from rear-right corner. Crouch slightly.
3	Driver-side profile	Stand back, full car in frame, keep horizon level.
4	Passenger-side profile	Same from other side.
5		

	Front straight-on	Centred, slightly below bonnet height.
6	Rear straight-on	Centred. Shows tail lights and boot lid.
7–10	Each wheel (4 shots)	Crouch close. Show tyre tread and rim condition. All 4 wheels.
11	Full dashboard	From passenger seat, car switched ON so cluster lights up.
12 &	Odometer — MANDATORY	Mileage MUST be clearly readable. Every buyer looks for this.
13	New infotainment screen	Car on, show the screen. Highlight the upgrade.
14	Driver seat	Shows wear honestly.
15	Rear seats	Open rear door, show legroom and seat condition.
16	Boot/trunk	Fully open, empty, well-lit.
17	Gear shifter	Confirms automatic CVT.
18	Steering wheel	Shows condition.
19	Engine bay wide	Bonnet fully open. Clean first with dry cloth.
20	Engine bay close-up	

Shows cleanliness and any new parts.

21

Fuel cap sticker

Open fuel cap, photograph sticker (shows 95 octane fuel type).

22

Rear camera working

Show rear camera view active. Proves the upgrade works.

23–28

All scratches/dents

Close-up of every scratch, dent, stone chip. Honesty prevents wasted viewings.

Licence Plate — BLUR IT

Blur your plate in all public listings. No law requires it, but your plate links to your personal details and enables identity theft. Use FREE Snapseed app: Tools !' Selective !' place blur dot on the plate. 30 seconds per photo. Show unblurred plate only to serious buyers via WhatsApp.

Record a 60-Second Video

Walk around the car slowly, then start the engine (show no warning lights on dashboard). Upload to Facebook Marketplace and Carousell. Video listings get 3x more enquiries. This is the single most effective thing you can do to speed up the sale.
